SUBJECT.

Amendments to Aluminium Control Order 1941

C. G. Gajraumi
17.9.41

Aluminium Contrl Odr - amendments to 7323 P

General and Revenue Secretariat | File No. | of 194 . | [App. F. III-2

Serial No.

The Secretary to the Hon'ble the Resident
F. 25-41/41 dated 20th June 1941
Making certain modifications in the working of the Aluminium Control Order.

In March 1941 at the request of the Residency the Aluminium Control Order of British India was adopted in Mysore with certain modifications. It was then suggested that certain powers under the Order may be delegated to the Government of India. These are (1) the issue of Registration Certificates, (2) th cancellation of them and (3) the power to direct what books of account etc., should be maintained.

It is now suggested that States may issue their own certificates and may cancel them, information beir given to the Government of India through the Residency and the Political Department. It is also stated that the States can have power to direct what books etc., should be maintained.

An amendment of the Order is necessary to give effect to these changes. A draft Notification is put up. A verbal correction in paragraph 4 is also included as the Order appears to require it.

After issue the file will be transferred to the Administrative Section (I & C), to take necessary action in the light of the changes.

SIR,

Aluminium Control Order, 1941 - adoption by Indian States.

Reg A. I am directed to refer to my letter No.F.25-41/W, dated the 19th March 1941 and to state that the question of extending enhanced powers to States in administering the Aluminium Control Order, 1941, as applied to their own territories, especially with reference to the issuing and cancelling of certificates of registration, has been further examined by the Government of India and the 'requirements' specified in paragraph 1 of that letter for apportioning the various functions under the Order between the Central Government and the States are now modified to the extent specified below:-

(a) Section 3(1) of the Order. States may issue certificates on their own authority but are requested to send copies of such certificates to the Government of India (through the Residency and the Political Department) simultaneously;

(b) Section 3(2). In view of the above, States will no longer have to send such information to the Government of India

(c) Section 3(3). States may cancel certificates granted by them but are requested to notify the fact simultaneously to the Government of India through the Residency and the Political Department;

(d) Section 6(b). States will have the power to direct what books, accounts or other records should be kept.

2. In this connection I am to enclose copies of two memoranda indicating the nature of information which should be furnished by persons applying for certificates and permits and to point out that (a) a holder of a Form A Certificate is not allowed to use in any month an amount of the metal exceeding the monthly consumption mentioned in the application for the grant of a certificate, (b) a qualifying note should be made in the certificate making the above condition clear, and (c) the aluminium products which the holder is authorised to manufacture should be mentioned in the certificate. I am to add that though 'metal rolled from scrap' comes under the mischief of the Order, 'scrap i.e., aluminium or aluminium alloy in the form of discarded or waste material' itself is exempt from the provisions of the Order and so no certificate, permit or return would be necessary in respect of such scrap.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

MEMORANDUM

Permit to sell unmanufactured aluminium or unmanufactured aluminium alloy.

Messrs.

are informedin connection with their communication on the above subject, that permits in Form B of the Aluminium Control Order, 1941, are issued to the seller only. No corresponding permit is necessary for the purchaser. No permit can be granted giving general permission to sell, and applications for permits must be made separately in respect of individual transactions and must include the following particulars: -

(a) Full name of seller - applicant.
(b) Description of goods to be sold.
(c) Quantity of goods to be sold.
(d) Name and address of purchaser.

----:0:----

MEMORANDUM.

Request for Certificate in Form A under the Aluminium Control Order, 1941.

With reference to your application for a Certificate in the above Form, please supply the following particulars:

(a) description of aluminium products as required by paragraph 3(2)(a) of the Order;

(b) normal monthly consumption of the metals concerned i.e., unmanufactured aluminium and or unmanufactured aluminium alloy as defined in paragraph 2 of the Order, and

(c) full address of the place or places of manufacture.
